

G.A.P. PROGRAM 2019-2020

There are some decisions in life that not only determine our future but often, they define who we are and who we will become. Enamored with academia, high-school students often graduate with little outside the class room experience and have limited understanding of their abilities and who they are as a person. A Gap year gives students one year between high school and college to apply themselves into the world. Most colleges encourage incoming freshman to take a Gap Year. They can use this time to discover their talents and abilities that God has given them.

Our goal during this program is for each Intern to “**Gain A Perspective**” on life, on their gifts and abilities, and to jump in whole-heartedly into our ministry. Whether that is sweeping floors, acting on the stage, or working behind the scenes, every Intern will receive invaluable hands-on experience in a unique performing arts ministry. Interns will work along our Logos Theatre staff who are not only masters in the performing arts but true ministers of the gospel. This G.A.P Year program will teach you how to make crucial decisions and establish your problem-solving abilities. A biblical perspective is absolutely foundational to every part of life at the Logos Theatre. So come discover new abilities, challenge your mind, and come “gain a perspective” on life!
